Use your surveys across your kilns and plants.

Survey vouchers may be used across any of your eligible kilns or cement plants in the Americas.

Contract and payment terms

A contract covers the number of surveys in the package. The agreed amount is payable upfront or in annual payments.

After the free surveys, unless prepaid, $19,900 is due each year when the survey is performed, and no later than December 31.

Contact your KHD representative to plan your survey package.

*Validity assumes one survey per year. Free surveys require purchase of the full package.
Upfront payment is due before the first survey. Scope and terms subject to written agreement.
Outside the USA, transport of our measuring instruments is billed at actual cost in addition to the flat-rate fee.
Customer assistance with temporary import and re-export to the USA is required.
No additional instrument transport charge applies to services anywhere in the USA.
